## COMMENTS FROM THE TOWN MANAGER'S OFFICE

There has been concern by people in the village area to when the spraying for insects is to take place this year. The best answer at the present is, we are not sure we can spray at all using D.D.T. Reports of the use of any other material have not been encouraging.

This office contacted the man that has done the spraying for some time, he informed us the State had forbidden the use of D. D. T. In this area. As a result of inquiries made as to why we could not spray from trucks we found there was a possibility of having special permission granted in some areas, to spray with planes.

If it is decided we can use D.D.T. spraying, spraying will take place as soon as possible. We should have an answer from Augusta this week.

Elwyn N. Dickey

Mrs. Donald Brown presented her piano pupils in a recital at her home Sunday evening. Those taking part in the program were: Debra Buck, Mary Ann Chapin, Ellen Clark, Thomas Coolidge, Susan, Michael and Betsy Davis, Sam Eames, Christine and Joan Blake, '52; Dana G. Brooks, Jr. and Kathy Young.

## LOCAL VOTERS APPROVE WATER DISTRICT, 160-76, IN WEDNESDAY VOTING

Purchase of Police Car OK'd at Evening Meeting

Bethel voters approved the formation of a Bethel Water District in balloting Wednesday at the Bethel fire station. Polls were open from 10 a. m. to 6 p. m. for voting that resulted in 160 to 76 approval of the Act passed by the 103rd Legislature.

Approval of the District leaves the next step up to the Bethel selectmen who must appoint three trustees within 30 days. These trustees will manage affairs of the District including negotiation for the purchase of the Bethel Water Company. If the District fails to acquire the Water Company before July 1, 1969 the Act becomes null and void.

At the business meeting held starting at 8 o'clock in Odeon Hall, action was taken on five articles. About 50 voters attended.

Following explanation by Town Manager Elwyn Dickey, the meeting authorized, with minimal opposition, the selectmen to purchase a police car. The following article was also approved, allowing the withdrawal of \$2,400 from surplus for the car purchase.

The approval of the meeting was received to permit an appropriation of \$1,500 from surplus for improvements at the fire station. Through error an unexpended balance in this account of \$1,541.47 in 1966 was allowed to lapse to surplus.

To offset a possible overdraft in the sewer account the voters approved \$1,500 from surplus Highway construction by the State on Bridge Street has required a large expenditure on the town sewer lines in that sector.

The so-called "pigeon ordinance" was approved 21-15 after amendment to restrict its authority to the compact area of Bethel as designated by the State Highway Department. Under this ordinance persons in the compact area who feed pigeons that are not in pens, cages, or enclosures at all times, shall be subject to a fine of not more than \$100.

Much discussion was had on the "pigeon ordinance" with some feeling of property damage and uncleanliness caused by the pigeons. It was thought by many that a curbing of the practice of feeding these birds will cause them to seek food in other areas, thus adding the village of this problem.

An extended discussion was held on zoning, both pro and con despite the fact that no action was possible on the article requesting that zoning be abolished in the residential farming zone of the town.

Henry Hastings, planning board chairman, stated that the planning board is ready to meet with anyone who has suggestions for amendments to the zoning ordinance.

While "Hickory" was underway, pilots from U. S. aircraft carriers in the South China Sea and the Gulf of Tonkin flew air strikes over the area, and attacked targets as indicated by the ground forces ashore.

## OCKOC MAKES APPLICATION FOR TWO YEAR-ROUND HEAD START CENTERS

An application has been made to the New York Regional Office of OEO by the Oxford County Economic Opportunity Council for two year-round Head Start centers in Oxford County. The proposed centers will be in Bethel, and will cover the entire S. A. D. 44 area and in Fryeburg which will cover the entire Union 19 area.

The amount of federal grant requested for these two centers is \$35,585.

The number of people to be employed will be two teachers, two teacher aides, one cook, one case aide, one part-time nurse, one part-time social worker, and one clerical aide.

Ralph Ryder, Assistant Superintendent of Schools in S. A. D. 44, states that a classroom in the Bethel Elementary School would be available for Head Start and would include 15 pre-school children from Andover, Newry, Hanover, Bethel, Greenwood, and Woodstock, plus Gilead, Mason and Albany Townships.

Ernest Smith, Master of the Fryeburg-Paugus Grange 540 has agreed to let the Head Start center use their kitchen and cafeteria facilities plus the 40x40 foot room as a classroom and multi-purpose room. These will be donated by the Grange and shows their interest and involve-ment in community affairs.

The pre-school children in Union 19 will be selected from Brownfield, Denmark, Fryeburg, Sweden, Lovell, Stow, and Stenham.

The two proposed centers will provide accommodations for 30 children on a year-round basis. These two proposed centers al-ign with the present Summer

and Greenwood City, who never had it before, with a total of 623 depositors. The Christmas Club has increased from 50 to 59 ac-counts.

This year one or more Trustees have attended the annual Savings Bank convention in Quebec and various State committee meet-ings.

The bank has joined with the Casco in a hold-up alarm system and is considering the use of their micro-filming of important records.

The bank always had and still has entire confidence in their financial condition because of large holdings of Government bonds; all securities being in the custody of the First National Bank of Portland; continuous outside audit and annual Banking Dept. examination; and being covered by maximum commercial insurance. Depositors likewise have no doubts as evi-denced by the increase in the amounts of individual depositors.

In 1967 deposits were \$3,002,846 with 4,094 accounts.

In 1967 deposits were \$5,574,430 with 5,372 accounts.

The bank has just paid their 1967 consecutive dividend.

Finally, the Baxter Interna-tional Economic Research Bu-reau in preparing their 1966 an-alysis of the liquidity of selected groups of banks countrywide have reported the Bethel Savings Bank as the only qualifying bank in Maine, (out of seven report-ing, meeting their standards) with a liquidity rating of 85%.

This compares with a national Mutual Savings Banks average of 77.8%.

However, as some 27% of all banks are members of the F. D. I. C. competition has persuaded us to become a member. This was accomplished after a two weeks' extensive examination and audit by a team of five examiners.

This acceptance as of 3-16-67 demonstrates more than ever that the bank is a perfectly sound risk, but depositors will have the Government Insurance up to \$10,000, as an added safeguard.

Life insurance is offered to mortgage customers whereby in event of death the balance due is paid. Also disability insurance whereby in event of total inability to work the monthly pay-ments are met on a daily basis.

It has been arranged with the Higher Education Assistance Foundation in Augusta through the facilities of the United Stu-dent Aid Funds to make guaran-teed low cost loans to qualified students in college. As soon as funds are available, applications can be processed.

Through the American Express Company the bank is accredited agents for the sale of Expo 67 tickets, which are still available at a discount.

Through the mutual efforts of the Bethel Area Development Corporation and Gould Academy, the Maine-New Hampshire School of Savings Banking held its 1967 session in Bethel on April 17-20.

The facilities of the Academy and the Thunderbird Motel were used for classes and lodging. Trustees of the Bethel Savings Bank hosted a reception for the staff, faculty and students on Monday evening, April 17.

Commencement Speaker

Salutatorian Peter J. Howard, and Valedictorian Paul E. Tebbels, Dr. Sidney W. Davidson, president of the Gould Trustees, and Headmaster Vachon will also participate in ceremonies.

The exhibit has been shown in schools and colleges throughout Vermont; this is the first showing outside that state. Visitors are welcome to view the exhibit during commencement week in the lobby of Bingham Hall on the Gould campus in Bethel.

However, as some 27% of all banks are members of the F. D. I. C. competition has persuaded us to become a member. This was accomplished after a two weeks' extensive examination and audit by a team of five examiners.

This acceptance as of 3-16-67 demonstrates more than ever that the bank is a perfectly sound risk, but depositors will have the Government Insurance up to \$10,000, as an added safeguard.

## FOUR CHILDREN LOST IN SCREW AUGER FALLS AREA SUNDAY AFTERNOON

Four children ranging in age from nine to fifteen years were lost for nearly four hours near the State Highway Picnic Area at Screw Auger Falls Sunday after-noon. Andre, 15, Suzanne, about 12, Diane, 11, and Louise, 9, with their parents, Mr. and Mrs. Romeo Huppe, Brunswick, an older brother and Mr. Huppe's brother and family from Canada were en-joying a picnic at the falls when the four children wandered into the woods about 4 P. M. and be-came lost. When the children did not return the parents became alarmed and started a search.

Mrs. Huppe and her older son went to the home of Amy and Roger Hanscom to call police. When he was unable to contact the State Trooper, deputy sheriff or game warden in Bethel, Mr. Hanscom called the Oxford County Sheriff's department.

Meanwhile Arthur Cummings, Bethel, who was at the Hanscom home at the time, went to "The Fall," a short distance from Screw Auger Falls and started search-ing. Mr. Cummings sounded his automobile horn and the children heard it and made their way to the road. They were taken to their parents by Mr. Cummings.

The children were dressed in shorts and T-shirts and were badly bitten by flies as well as re-ceiving numerous scratches while traveling through the woods.

Suzanne said it was a terrible experience and that they were very frightened. She reported that they found a blue line, (the line between land of the Brown Company and Grafton Notch State Park) and tried to follow it, but since the line seemed to be running uphill they felt it was going in the wrong direction and left the line. She said they could hear the cars but due to an echo from the mountains could not tell the direction. The children were found about 8 P. M. and the Sher-iff's Department was notified.

GOULD COMMENCEMENT continued from Page One ment exercises in Bingham Hall at 2 o'clock.
